With rigid platform

### Benefits:

- Quickly assembled and ready for use in a few simple steps with no tools required.
- Easy to operate.
- Light, manoeuvrable, folding aluminium inclined hoist.
- Careful and safe transportation of bulky pieces of furniture and removal items.

- 1 Small footprint – ideal for HGV loading.
- 2 The rotating platform, controlled by a limit switch, remains in place directly in front of the window.
- 3 The mounting arm with hand winch easily attaches the device to the building.
- 4 The manual rotation ensures the platform is positioned correctly in front of the window so it can then move into the room.
- 5 Convenient steering on the head section.
- 6 The retaining pipe prevents the hoist from slipping.
